TELECOMMUNICATIONS CARRIERS AND OTHER INTERESTED PERSONS

Verizon Delaware, LLC ("Verizon") is a telecommunications services provider that has elected to be governed by the provisions of the Telecommunications Technology Investment Act, 26 Del. C. §704-711 (the "TTIA"). Under the TTIA, the rates that Verizon charges for basic services could have increased annually under a formula keyed to a percentage change in the Gross Domestic Product Price Index ("GDPPI") offset by a productivity factor. However, under federal law, Verizon is prohibited from increasing its intrastate Switched Access rates. The Delaware Public Service Commission (the "PSC") has promulgated Regulations as set forth in 26 Del. Admin. C. §4005 (the "TTIA Regulations") which implement the TTIA, including the provisions relating to annual price change proceedings.

On May 9, 2018, pursuant to 26 Del. C. §707(b) and Section 3.0 of the TTIA Regulations, Verizon filed with the PSC certain information, that reported that due to the positive rate of inflation, and in accordance with federal law, Switched Access rates are capped and no calculation adjustments have been made under the GDPPI formula for the year 2018 (the "Price Index Filing"). In this filing, Verizon proposes to **maintain** existing switched access service rates at current levels.

Pursuant to Section 3.12 of the TTIA Regulations, the PSC now solicits written comments from any interested persons concerning Verizon's Price Index Filing. Such written comments may relate to this application and Verizon's request to maintain rates at current levels for this Price Index Filing. The deadline for submitting written comments is on or before June 22, 2018. Any written comments should be filed with the Commission at its Dover address set forth below, or by Internet e-mail addressed to [Lisa.Driggins@state.de.us](mailto:Lisa.Driggins@state.de.us).
